Verify You're Not a Robot: Complete the CAPTCHA to confirm that you are not a robot.

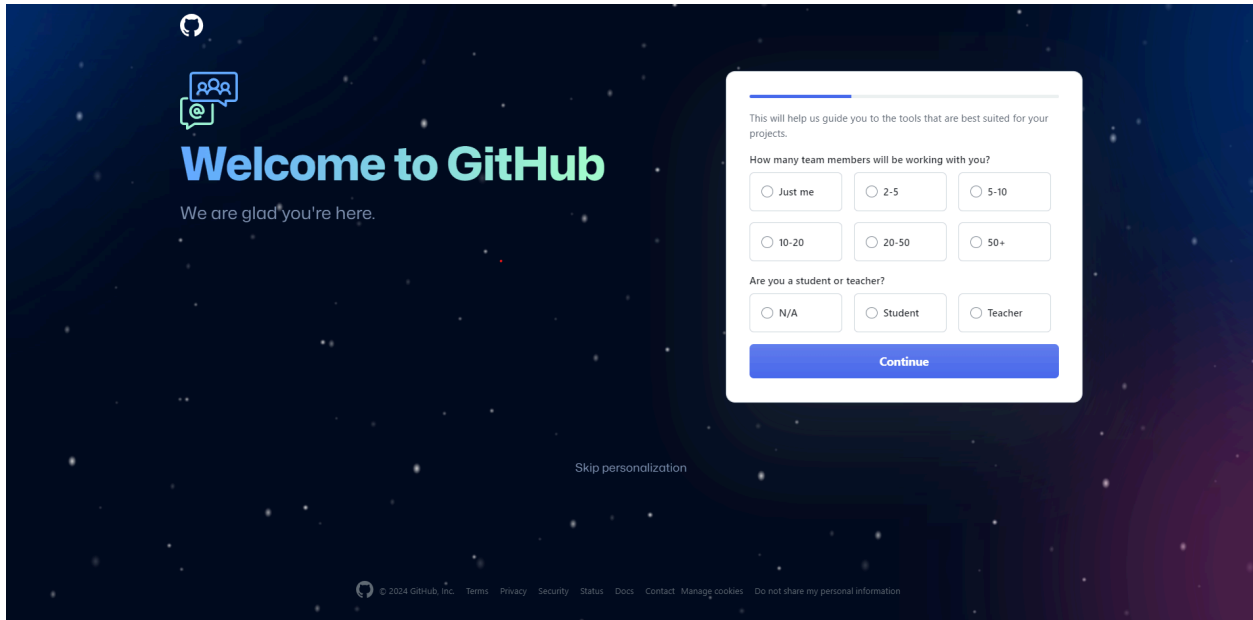

Verify Your Account: Check your email for a verification link from GitHub and click on it to confirm your account.

Log In: Once your account is verified, log in with your email and password.

Tailor Your Account: Customize your account settings according to your requirements.

The image shows the GitHub welcome screen. On the left, the GitHub logo is at the top, followed by an icon of three people in speech bubbles. Below this, the text "Welcome to GitHub" is displayed in a large, bold, light blue font, with "We are glad you're here." in a smaller font underneath. On the right, a white form with a blue border contains the following questions and options:

This will help us guide you to the tools that are best suited for your projects.

How many team members will be working with you?

☐ Just me ☐ 2-5 ☐ 5-10

☐ 10-20 ☐ 20-50 ☐ 50+

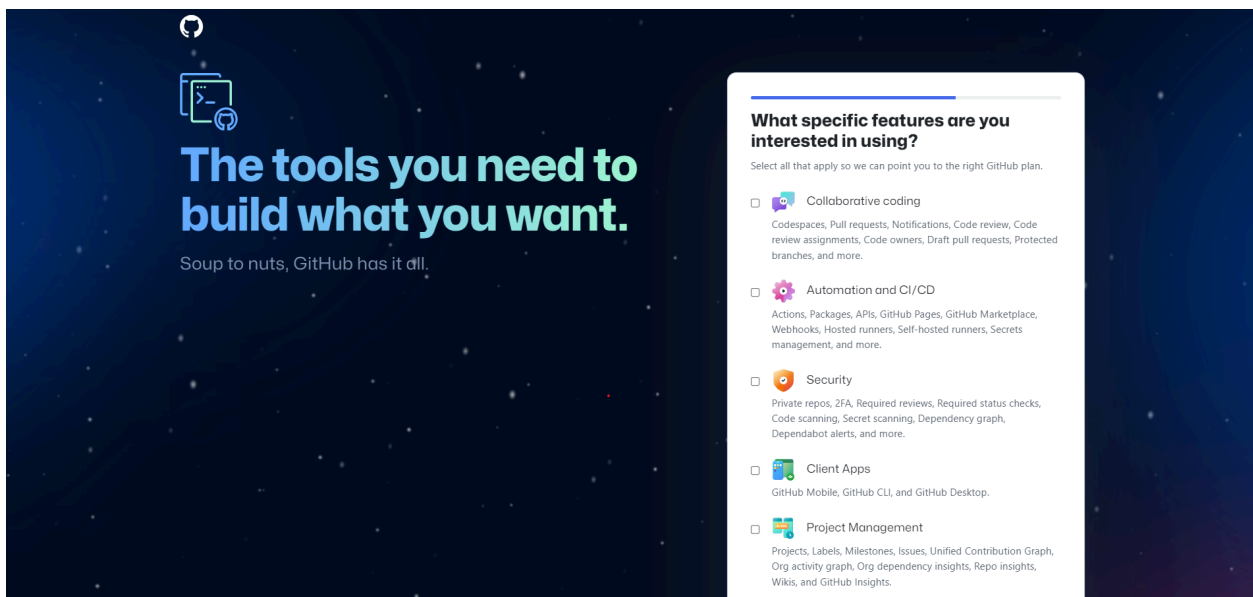

Are you a student or teacher?

☐ N/A ☐ Student ☐ Teacher

[Continue](#)

At the bottom of the form, there is a link: [Skip personalization](#). At the very bottom of the screen, there is a footer with the copyright notice "© 2024 GitHub, Inc." and links to Terms, Privacy, Security, Status, Docs, Contact, Manage cookies, and Do not share my personal information.

Select Tools: Choose the tools and features you would like to use.

The image shows the GitHub "The tools you need to build what you want." screen. On the left, the GitHub logo is at the top, followed by an icon of a code editor. Below this, the text "The tools you need to build what you want." is displayed in a large, bold, light blue font, with "Soup to nuts, GitHub has it all." in a smaller font underneath. On the right, a white form with a blue border contains the following questions and options:

What specific features are you interested in using?

Select all that apply so we can point you to the right GitHub plan.

☐  Collaborative coding
Codespaces, Pull requests, Notifications, Code review, Code review assignments, Code owners, Draft pull requests, Protected branches, and more.

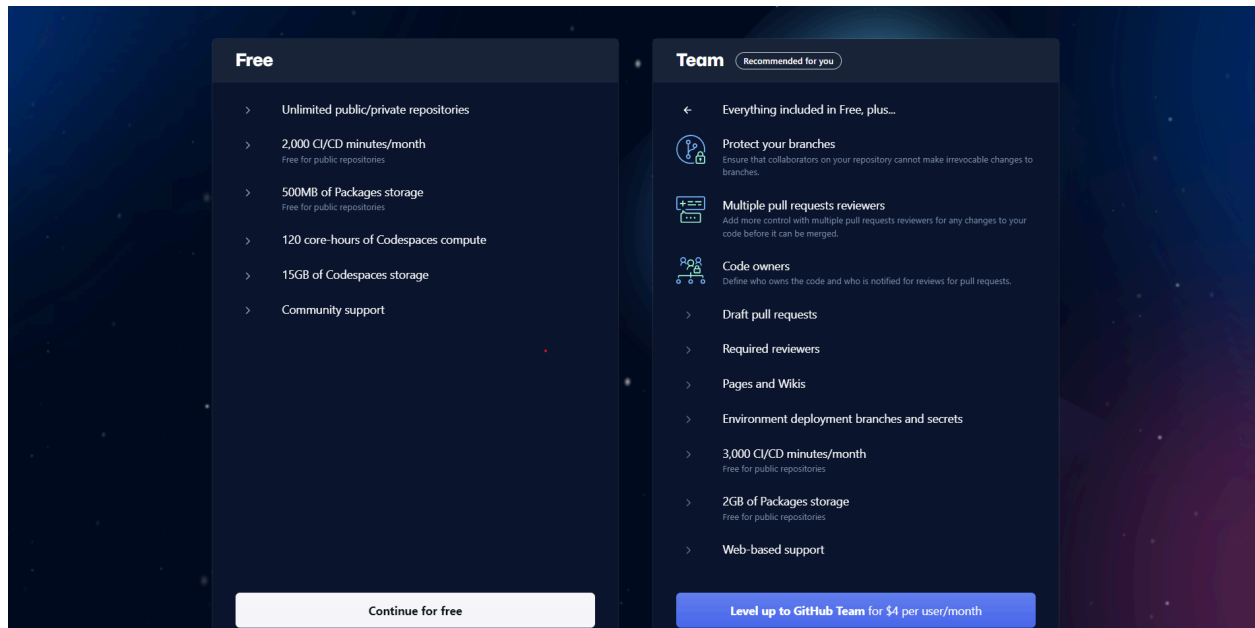

☐  Automation and CI/CD
Actions, Packages, APIs, GitHub Pages, GitHub Marketplace, Webhooks, Hosted runners, Self-hosted runners, Secrets management, and more.

☐  Security
Private repos, 2FA, Required reviews, Required status checks, Code scanning, Secret scanning, Dependency graph, Dependabot alerts, and more.

☐  Client Apps
GitHub Mobile, GitHub CLI, and GitHub Desktop.

☐  Project Management
Projects, Labels, Milestones, Issues, Unified Contribution Graph, Org activity graph, Org dependency insights, Repo insights, Wikis, and GitHub Insights.

Consider a Paid Account: Decide if you want to upgrade to a paid account for additional features.

You're In!: Congratulations! You have successfully created your GitHub account and can now start using it.
